

Meet Our Summer Interns

Lucy Minor

Lucy was born in Prairie Village and grew up being involved at Village! She is an education major at Kansas State University with a minor in Human Development and Family Sciences. When she is not studying, you can find her spending time with loved ones, going

on walks, or dancing! She has been involved with Village since she was in preschool. Since then, she has been able to mentor the youth students and witness their growth in faith. She says, "It is so rewarding to watch them make fun and fulfilling memories while strengthening their friendships with one another", something she was always thankful she could do at that age. She can't wait for this summer and the opportunity to invest and contribute to this community she loves so much!

Blake Nunele

Blake grew up in and around Village Church and spent countless hours on mission trips and in youth groups throughout Middle and High School. After graduating in 2022 from Shawnee Mission East he journeyed south to the University of Arkansas where he is currently studying Exercise Sci-

ence and Physical Therapy. He is 100% a self-proclaimed foodie and Gym Rat. He loves all things fitness and outdoors. One of Blake's favorite things about Village are the mission trip opportunities, especially the Boundary Waters retreat. When he's not in the gym you can find Blake hanging out with close friends or trying to find something to eat. He is excited to join the village ministry for an amazing summer and can't wait to get started!

Aiden Brown

Aiden is a Shawnee Mission East graduate and a current student at the University of Kansas. He is majoring in English Education and Religious Studies. Aiden has been involved with the youth group and the Church for almost ten years and loves to spend

time with the Village community! Aiden is an avid reader and loves spending time with others, especially his family. Aiden always loved the Village trips and can't wait to be part of them once again. He's looking forward to making new fun memories with the Church this summer!

Kate Early

Kate grew up attending Sunday school and youth group at Village. She is a sophomore studying Psychology and minoring in Leadership Studies at Kansas State University. Some of her favorite

being outside, going to the beach/lake, and taking exercise classes. Her favorite memories at Village include the chili cook offs, Christmas Eve services, and attending Montreat Youth Conference. She is so excited to get to know new people and work with the other interns!
